AMYGRES DURAWALL

In a world obsessed with creating beautiful and functional spaces, AMY GRUPO proudly presents its newest innovation: AMYGRES DURAWALL. Forget the limitations of traditional wall coverings - our panels offer a unique blend of aesthetic appeal and practical benefits, designed to elevate your home's style and simplify your life.

Our Wall Panels offer a unique opportunity to transform your space with breathtaking visuals, while enhancing its functionality and ease of use. With a diverse range of textures, patterns, and colors, they allow you to personalize your space and express your unique style. From the subtle elegance of wood-grain finishes to the modern sophistication of sleek metallics, we have a panel for every taste and design aesthetic.

With AMYGRES DURAWALL, you can say goodbye to outdated decor and embrace a new era of design that seamlessly combines beauty and practicality. Discover a world of possibilities and unlock the full potential of your home, one stunning panel at a time.

AMYGRES DURAWALL

We are offering a collection of modern and contemporary textured wall designs.

With more than 40 different designs, varying from basic and industrial to modern and romantic: each design has its own look and creates a unique atmosphere.

Whether you're looking to create a sophisticated statement wall, add a touch of warmth to your living room, or enhance the acoustics in your home office, our Wall Panels have the answer.

FUNCTIONAL DECORATION

Our wall panels are used for residential and commercial projects: Hotels, Office lobbies, Retail outlets, Restaurants, Trade show exhibits and more. They make more beautiful and extravagant looking accent walls.

NATURE

inspiration

DESIGNS

WOOD - STONE - FABRIC - METAL - PLAIN TEXTURE

Inspired by the unique charm of diverse materials found in nature, this AMYGRES Durawall Collection comes in various designs and colors to express visual delight, show the way from inspiration to reality.

Excellent characters of AMY Durawall Panel

Great Durability

water-resistance, fire-resistant, termite-proof performance allows you to embrace a cleaner, cozier environment in every corner of your home

Light weight construction

With high strength, good toughness, no deformation and no cracking.

A Diversity

of designs, colors, and surface types that complement your unique space, style, and personal taste, infusing any space with modern style and nature elements.

Long lifespan

Safety and environment friendly

Eco-conscious and safe - crafted from a mix of recyclable plastic and limestone, our wall panels are free from formaldehyde and VOC, they ensure the indoor environment remains safe and healthy.

Easy installation

Easy and quick installation with T&G (Tongue and Groove) locking system.

Versatile use

Perfect for a wide range of residential and commercial spaces. It seamlessly enhance interior walls, room ceilings, offices, bedrooms, living rooms, kitchens, conference rooms, studios and more.
